## Product characteristics

Resharpenable, high-quality blade set made of "Solingen steel". Automatic safety guard made from transparent, unbreakable plastic material (guard rises and falls with the movement of the blade). Solid manual clamp for variable pressure. Precision side lay with measuring scale (mm/inches) and adjustable backgauge. Standard paper sizes from A6 to A3, American sizes (letter, legal, ledger size) and various angle indications printed on the table. Solid cast aluminium blade mounting bracket with double pivot bearings for blade axle. Solid all-metal construction. Non-skid rubber feet for safe operation. Quality product "Made in Germany". Safety tested by independent safety labs.

# IDEAL 1158

## Features

### MANUAL CLAMP

With this solid manual clamping device a variable clamp pressure can be applied depending on the material to be cut.

### FORMAT INDICATIONS

For efficient and easy cutting: Standard paper sizes from A6 to A3, American sizes and various angle indications printed on the table.

### SOLID BLADE MOUNTING BRACKET

Sturdy design: Cast aluminium blade mounting bracket with double pivot bearings for the blade axle guarantees highly accurate rectangular cuts.
