

the status of the machine is shown with lights and acoustic signals

on the backside of the machine is a holding device to cool down the bound books

for thermal binding covers

RECOsystems RECO THERM TB 2

Thermo binder for thermal binding covers

The RECOsystems RECO THERM TB 2 is a thermal binder for office use. If you need to produce presentations, records, offers or something similar; this is probably one of the easiest and fastest ways.

- just place the paper in the thermal binding cover with the right size.
- put the thermal cover in the machine
- after one minute an acoustic signal shows the binding is finished
- then let the book cool down 2 minutes

technical specifications:

- format: for DIN A4 thermal binding covers
- max. binding thickness: approx. 240 sheets
- binding time: 1 minute
- acoustic signal when finished
- cooling down holding device on the backside
- 230V, 50 Hz
- weight: 2,0/ 1,6 kg
- dimensions: 165x400x230 mm / 190x190x390 mm *

*packing size/machine size (width x depth x height)
